## EDUCATION

**University of Ilorin, Kwara State** — *Bachelor in Mechanical Engineering*

December 2022 - 2026.

## WORK EXPERIENCE

**Two Cents On a Coin** — Frontend Developer Intern

October - December 2022

Two cents on a coin is a crypto assistant that helps you to shut out the noise. They provide clear, actionable insights into the most critical trends in the space which will help inform your decision-making and investment strategy.

**RadicalX Virtual Internship** — Frontend Developer Intern

September - November 2022.

## PROJECTS

**Two Cents On a Coin** — 2022.

Before I started working on this, I had to learn React.js and Tailwind CSS since they were the Tech stack needed to get this project done, I instantly acquired the basic knowledge needed to get complete this project as I continued learning afterward.

**Seun Elegboja's Portfolio** — 2022.

I used HTML, CSS, and Javascript to get this project done, since it's a personal project it didn't require too much JavaScript so it was a bit easy to work with.

**Flance 404 Page** — 2022.

Flance is a company that provides employee benefits for the gig economy, I worked on the 404 page for the company Flance as a way of getting experience; it was also my first real-life project.

## SKILLS

**Coding** — I am experienced in **HTML, CSS, JavaScript, Tailwind CSS, and React.js.**

## INTEREST

Reading and software development.

## LANGUAGES

English and Yoruba.

## CERTIFICATION

**Udemy beginners coding class** — *HTML, CSS, and JavaScript.*

November 2021.

**W3School online coding class** — *HTML and CSS.*

January 2022.

**AltSchool Africa** — *HTML, CSS, and Javascript.*

May 2022.

**Codecademy** — *JavaScript and React.js.*

October 2022.
